Pomfret Senior Center: New Activity Caning Classes

Is there an old chair sitting in your basement or barn with a broken seat? Afraid to throw it out, but unsure how to fix it? This new caning class will help you make these chairs look like new again and become a showpiece for your home.

Joe Doran, an expert caner and basket maker from Lisbon would like to begin offering caning classes at the Pomfret Senior Center beginning in May. During the month of March Joe visited the Pomfret Senior Center and showed off some beautiful chairs that had been caned at the Lisbon Senior Center. Joe has been interactive with the Lisbon Senior Center for several years teaching caning to people of all ages so that they may learn and experience this dying art, and learn the techniques to enjoy this relaxing enjoyable craft.

The Pomfret Senior Advisory Commission and TEEG, who manages the Pomfret Senior Center, would love for Joe to become an interactive part of our senior center, and share his passion and skills with individuals in our community. It is proposed that a caning course begin in May at the Pomfret Senior Center, taking place on a Monday or Tuesday morning, and open to all ages and all area towns. The requirements to participate in the course are that the participant bring their own chair and purchase their own caning materials. There will be a minimal additional cost for this activity, to compensate Joe for his travel expenses. This is a wonderful opportunity to learn a lost art, meet new people, and have a great time.

If you are interested please call Ann Hinchman at 860-928-3355, or Cathy Grant at 860-928-2744. Please inquire soon, so that we may get the course started.
