### 1) **EV STATIONS**

Maureen wanted to gage interest in her new initiative to install 8-10 EV charging stations in town. She has gotten two grants to cover the cost of the stations completely. We are all for it. Wonder if businesses like the Vanilla Bean or Baker's Dozen could host one of the stations or do they have to be in public places.

- 2) Movie Nights: are we doing them. Yes. We picked a few to preview as follows. **Please send links to others you may have found. Please all watch them.**
