

2023-2024 Town of Pomfret Budget

SURVEY QUESTIONS

1.) How would an increase in property taxes impact you and/or your family?

_____ Very little impact. I/we can afford to pay more in property tax.

_____ Some impact. It would be better for me/us for the tax rate to remain flat.

_____ Large impact. It would be very difficult for me/us to pay more taxes.

Comments:

2.) If you were going to find places to reduce the budgets (both education and general government), what specific areas, programs, personnel, and / or spending reductions would you make?

3.) What additional services/programs/facilities would you like the town to invest in?

4.) Are you confident the Board of Finance is making good decisions about the budgets and other financial matters? Yes _____ No _____

5.) Planning for the Future

The current Town Hall has outgrown the available space. The building is not handicap accessible, and there is not enough space for proper document and records storage. The building itself has ongoing structural, ventilation, and other issues due to its age. A new Town Hall building will be required within the next decade. Including a community center, meeting space, and other features, it would be a multi-purpose facility. Would you support construction of a new Town Hall?

Yes _____ No _____

Comments:

6.) Do you support continued acquisition of additional open space and/or development rights?

Yes _____ No _____

Comments:

7.) Other comments suggestions:
