

Attached are copies of the Pomfret Board of Education's proposed budget that was unanimously approved by the BOE on February 21, 2024. The budget asks for a 3.3% increase, roughly in line with inflation, and well below the state average 4.98% increase. While our Woodstock Academy costs will be down by about \$103,000 this year, the increase is primarily driven by contractual salary increases, an increase in the bus transportation contract, and by a sharp increase in healthcare costs. (While we had a great experience rating for years, that is no longer the case, and only a very limited number of carriers will even give us a quote. We are working on a longterm solution that hopefully will stabilize things, but it will not be implemented in time for the coming budget.)

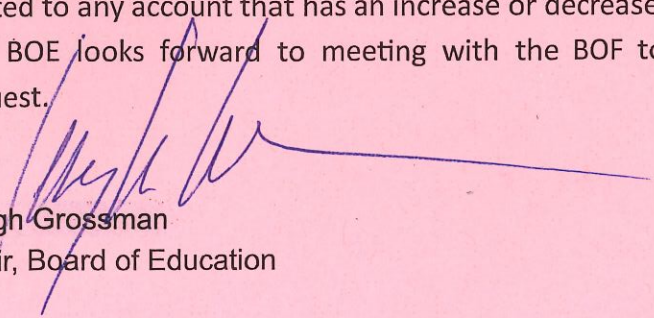

Most of our budget (over 75%) is in areas where we are committed contractually, although we have been able to minimize increases both through negotiation and seeking out alternative funding (such as the required state reading curriculum, whose \$97,000 cost over the next five years will be funded by grants. Much of the increase in the area where we have discretion is tied to projected savings as well - such as the required study to make us eligible for significant state grants that will help with required building upgrades and safety upgrades. Adding a stipend for coordinating before and after school wraparound services will allow us to seek grants to improve those services, which we are adding based on strong parent demand.

The other increases are mostly tied to school improvement, such as the school improvement plan where a joint group of administrators, teachers, and staff have been identifying areas where we can strengthen areas of need, to summer work required to implement new state programs. There is also about \$13,000 for books and periodicals to restore a temporary cut from a previous budget.

I think you'll see that we have been mindful of the town's limited resources in shaping the budget. But we also recognize that the school is an important community resource, and requires prudent investment to continue to thrive and to meet our core mission of providing a high quality education for Pomfret children.

The BOE's budget document contains a Question & Answer Document that provides information related to any account that has an increase or decrease from the current budget.

The BOE looks forward to meeting with the BOF to review in detail its 2023-2024 budget request.

RE: Superintendent's Proposed Operating Budget 2024-2025

The budget development process began in October, budget preparation documents were distributed to staff for submission by November 3, 2023. All staffing needs were reviewed with the Principal and the Director of Special Services. In January, all budget requests were reviewed by the superintendent and administrative team.

The business office developed salary and benefit accounts according to contractual obligations. Insurance calculations are based on initial quotations from our insurance broker. Maintenance items and utility calculations were also prepared by the business department. Our transportation contract ends this year and the proposed budget is based on a quote we received from the one vendor who responded to our RFP. I appreciate the efforts of all of our administrators and staff for their hard work and cooperation in the budget development process.

The initial requests by administrators and staff continue to reflect their understanding of the economic climate as well as the support the staff believe they need to best meet the needs of our students. This budget proposal is also reflective of the demands of quality educational programming and the unique needs of a number of our students.

This year we continued to broaden staff participation in the budget preparation. With the underlying belief that each budget should be treated as a chapter in a book, rather than a book by itself, we held conversations on the long term needs of Pomfret Community School. We focused on two frameworks, what must we do to ensure the continual improvement of student learning? And what is needed for the long-term safety and maintenance of our school building?

These conversations resulted in the staff's development of an initial set of budget goals. These goals were reviewed and finalized by the Board of Education in December, 2023. School staff also worked to identify the physical needs of the school itself, identifying both needed repairs and upgrades, as well as features which will enhance security and technology infrastructure.

I owe a great deal of thanks to all of our staff who contributed to this collaborative effort. In particular, Ms. Sutter has invested a great deal of time and effort into developing this budget.

The budget before includes the outcomes of their work. We wish to continue to fund summer work that supports the updating of the School Improvement Plan. We are also seeking funding to support staff stipends to continue this work during the next school year. It is important to note that school improvement planning is an iterative process and these fund requests will continue in subsequent years.

Additional summer funding is requested to support the development of a professional learning plan to support the revised Teacher Evaluation and Professional Learning Plan as well as support a team of staff to revise our Child Study Team (CST) process to best support students. A strong CST is the engine of student achievement improvement.

The Five-Year Facilities/Capital Improvement Plan includes requests for specific projects to be completed in the next year as well as funding for projects that we believe will take several years to complete. The plan was developed with the acknowledgment that funding needed to be distributed over the coming years. Like the School Improvement Plan, the Five-Year Facilities/Capital Improvement Plan will continue as an iterative process. I expect that the Board of Education will review this separately in the fall each year in order to provide updates and any resorting of priorities that becomes necessary. A formal engineering study of our facility will begin this month and further inform our facility priorities.

As a result of the initial budget review process, the Superintendent's Proposed Budget for 2024-2025 is \$11,463,662 which is an increase of \$388,235 over our current adopted budget of \$11,075,427 or 3.5% over the current year.

The Board of Education conducted a Budget Workshop on January 24, 2024. **As a result of the Board of Education's review process, the Board of Education reduced the Superintendent's budget by \$19,935, resulting in a Proposed Budget for 2024-2025 of \$11,443,727 which is an increase of \$368,300 or 3.3% over the current year.**

There are fourteen (14) accounts with an increase and one (1) account with a decrease of more than \$9,000. Those accounts are:

***Budget percent increases reflect pre-payments in these accounts from 2022-2023**

Certified – This account has an increase of \$120,200 or 4.20% and increases the entire budget by 1.05%. The account contains the contractually required increase for certified salaries for 2024-2025. There is also a budgeted increase for the open SLP position.

Health Insurance - This account has an increase of \$68,104 or 8.80% and increases the entire budget by 0.59%. We are projecting an increase of 18% in premiums. The district will continue to work to seek competitive bids to attempt to further reduce this cost.

Transportation - The transportation account contains an increase of \$38,102 which represents an increase of 5.50% for this account and increases the entire budget by 0.33%. The original contractual increase of 15% for regular transportation services has been renegotiated. The revised bid reflects 8.3% for the first year. Each of the next three years of the contract will contain a 4.75% increase. The majority of the increase, \$37,393, is in the PCS and high school runs. There is a small decrease in out-of-district special education transportation (\$5,481) and a modest increase in in-district special education transportation \$2,513. Additionally, field trip transportation will increase by \$2,140 and athletics transportation by \$1,537.

Teaching Assistants - The account has an increase of \$35,306 or 11.60% which increases the entire budget by 0.31%. The account, as proposed, contains an estimated wage increase of 3%, and a 1.00 FTE position has been added.

Capital Equipment - This account has an increase of \$25,386 or 76.80% and increases the entire budget by 0.22%. The majority of this increase is due to technology purchases for student Chromebook and staff desktop lease renewal. These items were eliminated from our 2023-2024 budget due to prepay.

Additional Program Salaries - This account has an increase of \$23,128 or 25.60% and increases the entire budget by 0.20%. The increase is due to summer work stipends for work on the Teacher Evaluation Plan, Child Study Team improvements, and the addition of an After School Enrichment Coordinator position. Also, budgeted 32.1% increase ESY25 due to SLP contract cost increase from \$35 to \$120 per hour.

Retirement/Pension - This account has an increase of \$18,906 or 34.40% and increases the entire budget by 0.16%. The increase is due to a staff member retiring under Article VIII.A.5 of the PCEA contract.

Professional Development - This account has an increase of \$17,785 or 90.60% and increases the entire budget by 0.16%. The increased cost is driven by professional learning needs of regular and special education teachers for summer screenings and reading materials review, and administrators for Child Study Team Revisions

Support Staff - This account, as presented, includes a proposed 3% increase in salaries for 2024-2025. This account has an increase of \$17,230 or 2.80% and increases the entire budget by 0.15%

Heating/Fuel - This account has an increase of \$16,254 or 15.20% and increases the entire budget by 0.14%. The 2024-2025 contractual obligation is 42,000 gallons at a locked in rate of \$2.936 which is .002% over 2023-2024 locked in rates. The district has not increased the line since 2022-2023 at which time we had no contract and a budgeted flat percentage was applied.

Student Services - This account has an increase of \$14,099 or 15.0% and increases the entire budget by 0.12%. This increase is the result of increased costs for behavioral consultation, evaluations, and physical therapy. Many of the behavioral consults and evaluations have been paid with grant funding. Those funds are no longer available.

Books/Periodicals - This account has an increase of \$12,876 or 39.80% and increases the entire budget by 0.11%. The increase is due to the purchase of updated math text instructional materials. Additionally, many workbooks were pre-purchased in an effort to keep the line flat during our 2023-2024 budget cut process.

Administrators - This account, as presented, includes a proposed 3% increase in salaries for 2024-2025. This account has an increase of \$12,186 or 3.0% and increases the entire budget by 0.11%.

Building Insurance - This account has an increase of \$11,046 or 16.70% and increases the entire budget by 0.10%. This is due to a budgeted 8% increase in premiums over 2023-2024 actual costs. Cyber Insurance is no longer part of the liability insurance package and the 2023-2024 cost was \$3,920 which is a large reason for the increase.

Tuition - After presenting the Superintendent's budget to the Board of Education we were informed of an increase in special education tuition at Woodstock Academy. This cut into our initial tuition reduction of (\$102,778) by \$10,330 resulting in a final budget request of (\$92,448) less than requested in 2023-2024, which is an account decrease of (2.30%) and decreases the budget request by (0.81%). The account has eight (8) sub accounts. The Woodstock Academy Regular Education tuition account has an increase of \$47,672. The number of Pomfret resident student tuitions at Woodstock Academy has decreased (2), 159 student tuitions. The estimated regular education per pupil tuition will increase by 3%. The Woodstock Academy Special Education Tuition account has decreased by (\$20,116).

All current Pomfret Community School grade eight students have been surveyed and their choice of secondary school has been incorporated into the corresponding budgeted tuition account. Both Killingly High School and Putnam High School are now considered designated high schools for Pomfret resident students. There are no planned enrollments at Putnam High School.

Tuition at Killingly Vo-Ag has increased by \$27,292.

Tuition costs have decreased at Killingly High School by (\$96,811) and at QMC by (\$16,470).

The Special Education out-of-district tuition account has a decrease of (\$21,922). The account is based upon students known to the district at this time.

This budget as proposed provides continued funding for professional development and curriculum writing that is closely aligned with researched-based standards. It also provides for required instructional materials as requested by staff. The Capital Budget contains a request for \$40,000. Requested in this account is \$30,000 for painting of the middle school hallway, the cafeteria ceiling and the office ceiling and \$10,000 for replacement of exterior classroom doors. This capital request has been forwarded to the Board of Selectmen for consideration.

This budget represents the sincere efforts of the staff of the Pomfret Community School to provide for the educational needs of its student population, while adhering to the Board of Education's expectation for high quality educational programming and recognizing the financial needs of this community. Should additional information be desired at any time please do not hesitate to contact me.

Pomfret Community School Proposed 2024-2025 Budget Question & Answer Document

What is the dollar change from the 2023-2024 budget to the 2024-2025 budget?

The proposed 2024-2025 budget of \$11,463,662 is \$388,235 more than the approved 2023-2024 budget of \$11,075,427. Of the thirty-eight (38) major accounts, twenty-four (24) have an increase, four (4) have a decrease and ten (10) are unchanged from the current 2023-24 budget.

Which accounts have the most significant impact upon the 2023-2024 budget?

There are fourteen (14) accounts with an increase and one (1) account with a decrease of more than \$9,000. Those accounts are:

This account has an increase of \$120,200 or 4.20% and increases the entire budget by 1.05%. The account contains the contractually required increase for certified salaries for 2024-2025. There is also a budgeted increase for the open SLP position.

Why does Account 112 Teaching Assistants have an increase of \$35,306?

The account has an increase of \$35,306 or 11.60% which increases the entire budget by 0.31%. The account, as proposed, contains an estimated wage increase of 3%, and a 1.00 FTE position has been added.

Why does Account 115 Substitute Support Staff have an increase of \$2,544?

The account has an increase of \$2,544 or 29.1% which increases the entire budget by 0.02%. The increase reflects the actual hourly rate we are paying our custodial subs. We have been unable to retain reliable subs at the minimum wage rate. The budgeted hourly rate has been increased to match our posted summer custodial rate.

Pomfret Community School Proposed 2024-2025 Budget Question & Answer Document

Why does Account 150 Additional Compensation have an increase of \$1,500?

The account has an increase of \$1,500 or 11.8% which increases the entire budget by 0.01%. This is the paid benefit per contract for those employees that waive medical coverage. Two new employees were added in 2023.

Why does Account 151 Additional Program Salaries have an increase of \$23,128?

This account has an increase of \$23,128 or 25.60% and increases the entire budget by 0.20%. The increase is due to summer work stipends for work on the Teacher Evaluation Plan, Child Study Team improvements, and the addition of an After School Enrichment Coordinator position. Also, budgeted 32.1% increase ESY25 due to SLP contract cost increase from \$35 to \$120 per hour.

Why does Account 220 FICA/Medicare have an increase of \$1,916?

The account has an increase of \$1,916 or 1.50% and increases the entire budget by 0.02%. The increase is calculated based upon actual wages and salaries.

Why does Account 230 Retirement/Pensions have an increase of \$18,906?

This account has an increase of \$18,906 or 34.40% and increases the entire budget by 0.16%. The increase is due to a staff member retiring under Article VIII.A.5 of the PCEA contract.

Why does Account 270 Workers Comp. have an increase of \$5,678?

The account has an increase of \$5,678 or 7.40% and increases the entire budget by 0.05%. The account contains an 8% increase as recommended by our insurance broker.

Why does account 280 Health Insurance have an increase of \$68,104?

This account has an increase of \$68,104 or 8.80% and increases the entire budget by 0.59%. We are projecting an increase of 18% in premiums. The district will continue to work to seek competitive bids to attempt to further reduce this cost.

Why does Account 300 Other Services have an increase of \$2,300?

This account has an increase of \$2,300 or 5.4% and increases the entire budget by 0.02%. There has been an increase in contracted services for service calls and the EASTCONN school lunch program.

Why does Account 320 Student Services have an increase of \$14,099?

This account has an increase of \$14,099 or 15% and increases the entire budget by 0.12%. This increase is the result of increased costs for behavioral consultation, evaluations, and physical therapy. Many of the behavioral consults and evaluations have been paid with grant funding. Those funds are no longer available.

Why does Account 330 Professional Development have an increase of \$17,785?

This account has an increase of \$17,785 or 90.60% and increases the entire budget by 0.16%. The increased cost is driven by professional learning needs of regular and special education teachers for summer screenings and reading materials review, and administrators for Child Study Team Revisions

Why does Account 340 Professional Services have an increase of \$8,646?

The account has an increase of \$8,646 or 7.0% and increases the entire budget by 0.08%. The increase is due to a 3% increase in the cost of technology support services. The major driver is that the school physician was eliminated from our 2023-2024 budget due to prepayment; \$2,250 added back. Also, auditor service fees have increased 5%. Part of the audit requires filing a GASB/OPEB report which requires licensing valid for 2 years.

Why does Account 420 Disposal Services have an increase of \$245?

The account has an increase of \$245, or 3.0% and increases the entire budget by 0.0% This is the result of an increase in rates by our contractor.

Why does Account 430 Repairs/Maintenance have an increase of \$2,910?

This account has an increase of \$2,910 or 3.2% and increases the entire budget by 0.03%. There have been small increases in our maintenance contracts. This account was reduced in \$2,280 due to a prepaid service contract last budget season. This has been added back to our budget.

Why does Account 510 Transportation have an increase of \$38,102?

The transportation account contains an increase of \$38,102 which represents an increase of 5.50% for this account and increases the entire budget by 0.33%. Each of the next three years of the contract will contain a 4.75% increase. The majority of the increase, \$37,393, is in the PCS and high school runs. There is a small decrease in out-of-district special education transportation (\$5,481) and a modest increase in in-district special education transportation \$2,513. Additionally, field trip transportation will increase by \$2,140 and athletics transportation by \$1,537.

Pomfret Community School Proposed 2024-2025 Budget Question & Answer Document

Why does Account 520 Building Insurance have an increase of \$11,046?

This account has an increase of \$11,046 or 16.70% and increases the entire budget by 0.10%. This is due to a budgeted 8% increase in premiums over 2023-2024 actual costs. Cyber Insurance is no longer part of the liability insurance package which is a large reason for the increase.

Why does Account 530 Communications have an increase of \$1,261?

This account has an increase of \$1,261 or 11.4% which increases the budget by 0.01%. This is the result of an increase in the cost of phone services.

Why does Account 561 Tuition have a decrease of (\$92,448)?

After presenting the Superintendent's budget to the Board of Education we were informed of an increase in special education tuition at Woodstock Academy. This cut into our initial tuition reduction of (\$102,778) by \$10,330 resulting in a final budget request of (\$92,448) less than requested in 2023-2024, which is an account decrease of (2.30%) and decreases the budget request by (0.81%). The account has eight (8) sub accounts. The Woodstock Academy Regular Education tuition account has an increase of \$47,672. The number of Pomfret resident student tuitions at Woodstock Academy has decreased (2), 159 student tuitions. The estimated regular education per pupil tuition will increase by 3%. The Woodstock Academy Special Education Tuition account has decreased by (\$20,116).

All current Pomfret Community School grade eight students have been surveyed and their choice of secondary school has been incorporated into the corresponding budgeted tuition account. Both Killingly High School and Putnam High School are now considered designated high schools for Pomfret resident students. There are no planned enrollments at Putnam High School.

Tuition at Killingly Vo-Ag has increased by \$27,292.

Tuition costs have decreased at Killingly High School by (\$96,811) and at QMC by (\$16,470).

The Special Education out-of-district tuition account has a decrease of (\$21,922). The account is based upon students known to the district at this time.

Why does Account 610 Instructional Supplies have a decrease of (\$3,976)?

This account has a decrease of (\$3,976) or (3.8%) and decreases the entire budget by (0.03%). The decrease is driven by a reduction in software fees. Applications for SRBI; CTSEDS; Frontline have been completely eliminated from the budget.

Why does Account 624 Heating/Fuel have an increase of \$16,254?

This account has an increase of \$16,254 or 15.20% and increases the entire budget by 0.14%. The 2024-2025 contractual obligation is 42,000 gallons at a locked in rate of \$2.936 which is .002% over 2023-2024 locked in rates. The district has not increased the line since 2022-2023 at which time we had no contract and a budgeted flat percentage was applied.

Why does Account 626 Diesel have an increase of \$8,155?

This account has an increase of \$8,155 or 17.0% and increases the entire budget by 0.07%. The 2024-2025 contractual obligation is 17,500 gallons at a locked in rate of \$3.035 which is .009% over 2023-2024 rates. We did not execute the 2023-2024 fuel contract until May 2023. The district has not increased the line since 2022-2023 at which time we had no contract and a budgeted flat percentage was applied.

Why does Account 640 Books & Periodicals have an increase of \$12,876?

This account has an increase of \$12,876 or 39.80% and increases the entire budget by 0.11%. The increase is due to the purchase of updated math text instructional materials. Additionally, many workbooks were pre-purchased in an effort to keep the line flat during our 2023-2024 budget cut process.

Why does Account 650 Technology Supplies have a decrease of (\$113)?

This account has a decrease of (\$113) or (1.2%) and decreases the entire budget by (0.0%).

Why does Account 730 Capitol Equipment have an increase of \$25,386?

This account has an increase of \$25,386 or 76.80% and increases the entire budget by 0.22%. The majority of this increase is due to technology purchases for student Chromebook and staff desktop lease renewal. These items were eliminated from our 2023-2024 budget due to prepay.

Why does Account 810 Dues & Fees have a decrease of (\$926)?

The account has a decrease of (\$926) or (1.5%) decreasing the entire budget by (0.01%). The decrease is a result of a specific decrease in the Software Licensing sub-account as a result of changes in teachers requested software and software for clerical staff.

Enrollment Summary

NESDEC is pleased to send you this report displaying the past, present, and projected enrollments for your District. It is important to update enrollment projections every year to identify changes in enrollment patterns. Ten-year projections are designed to provide your District with yearly, up-to-date enrollment information that can be used by boards and administrators for effective planning and allocation of resources.

Included in this report are graphs representing historical and projected grade-by-grade enrollments, as well as historical and projected enrollments in grade combinations. We received the enrollment data from the District, and we assume that the method of collecting this data has been consistent from year to year.

Enrollment projections are more reliable in Years #1-4 in the future and less reliable in the "out-years." Projections six to ten years out may serve as a guide to future enrollments and are useful for planning purposes. In light of this, NESDEC has added a "Spring Update Refresher" enrollment projection at no cost to affiliates. For more information, please refer to the Methodology, Reliability and Use of this Document section.

The NESDEC enrollment projection fell within 23 students of the K-12 total, 523 students projected vs. 500 enrolled.

Births increased by 4 from a previous ten-year average of 28 to a projected average of 32. In most districts, Grades 1-8 are very stable in enrollments. However, there have been increases in 5 of the 8 most recent years, leading to a net increase averaging 10 students per year.

Over the next three years, Grades K-8 enrollments are projected to increase by 25 students and Grades 9-12 enrollments are projected to decrease by 20 students, as students move through the grades.

Although most New England Districts are seeing a decline in the number of births, NESDEC's experience indicates that the impact on enrollment varies from District to District. Almost half of New England Districts have been growing in PK-12 enrollment, and a similar number are declining (often in rural areas), with the other Districts remaining stable.

Methodology, Reliability and Use of this Document

PROJECTION METHODOLOGY

Cohort component (survival) technique is a frequently used method of preparing enrollment forecasts. NESDEC uses this method, but modifies it in order to move away from forecasts that are wholly computer- or formula-driven. Such modification permits the incorporation of important, current district-specific demographic information into the generation of enrollment forecasts (such as in/out-migration of students, resident births, HUD-reported building permits, etc.). Percentages are calculated from the historical enrollment data to determine a reliable percentage of increase or decrease in enrollment between any two grades. For example, if 100 students enrolled in Grade 1 in 2022-23 increased to 104 students in Grade 2 in 2023-24, the percentage of survival would be 104%, or a ratio of 1.04. Ratios are calculated between each pair of grades or years in school over several recent years.

After study and analysis of the historical ratios, and based upon a reasonable set of assumptions regarding births, migration rates, retention rates, etc., ratios most indicative of future growth patterns are determined for each pair of grades. The ratios thus selected are applied to the present enrollment statistics to project into future years. The ratios are the key factors in the reliability of the projections, assuming validity of the data at the starting point.

RELIABILITY OF ENROLLMENT PROJECTIONS

Projections can serve as useful guides to school administrators for educational planning. Enrollment projections are more reliable in Years #1-4 in the future and less reliable in the "out-years." Projections six to ten years out may serve as a guide to future enrollments and are useful for planning purposes, but they should be viewed as subject to change given the likelihood of potential shifts in underlying assumptions/trends, such as student migration, births as they relate to Kindergarten enrollment, and other factors.

Projections that are based upon **the children who already are in the district** (the current K-12 population only) will be the most reliable. The second level of reliability will be for those children already **born into the community but not yet old enough to be in school**. The least reliable category is the group for which an estimate must be made **to predict the number of births**, thereby adding additional uncertainty. See these three multi-colored groupings on the "Projected Enrollment" tab.

Annual updates allow for early identification of recent changes in historical trends. When the actual enrollment in a grade is significantly different (higher or lower) from the projected number, it is important (yet difficult) to determine whether this is a one-year aberration or whether a new trend may have begun. **In light of this possibility, NESDEC urges all school districts to have updated enrollment forecasts developed by NESDEC each October.** This service is available at no cost to affiliated school districts.
