

Climate Pollution Reduction Strategies **PUBLIC WORKSHOP**

Workshop is open to the public.
A light dinner of pizza & kids activities available onsite.

Are you worried about climate pollution affecting the natural environment around you?

Are you worried about health effects that climate pollution may cause in your community?

The Northeastern Connecticut Council of Governments (NECCOG) in collaboration with the Central Massachusetts Regional Planning Commission (CMRPC) is looking for feedback from the public to hear your ideas for reducing climate pollution in the **Ashford, Brooklyn, Canterbury, Chaplin, Eastford, Hampton, Killingly, Plainfield, Pomfret, Putnam, Scotland, Sterling, Thompson, Union, Voluntown, Windham and Woodstock** region. Please join our free public workshops to share your ideas in order to help our towns unlock match-free federal implementation dollars to reduce climate pollution in the Worcester-MA and Northeastern-CT Region.

****Workshop is open to the public. A light dinner of pizza & kids activities available on-site.**
