

**WE WANT TO
HEAR FROM
YOU!**

The Central Massachusetts Regional Planning Commission is developing a Greater Worcester Climate Action Plan with high-priority actions to help reduce climate pollution across Central Massachusetts and Eastern Connecticut.

After CMRPC's initial rounds of public outreach during the fall and winter of 2023-2024, CMRPC has developed several draft high priority actions that are projected to help reduce climate pollution across the greater Worcester region. **We want to hear YOUR opinion of these draft actions!**
