1. **Deborah/Paul Simpson, 64 Hampton Road** – follow-up on 3/2020 on the restoration plan from 1/26/15 NOV. Jamie spoke with P. Simpson and he will come to the December meeting. A decision was made to have the applicant attend monthly meetings until the issue is settled (12/02/2020). Commission members requested that Jamie meet with the Simpsons to see what they're doing in the spring/summer and have Mr. Simpson come to the May/June meeting. It was mentioned that we need to put something in the regulations (i.e., caveat on land records) for applications that don't get completed in a timely manner (5/5/2021). Jamie spoke with P. Simpson who couldn't attend the meeting. He explained to the commission his feelings regarding the applicant taking 5+ years to do this reclamation work. We need to push to caveat or speak with the Town Attorney. P. Simpson said that his equipment is still down and being fixed. He would commit to finishing the project this year. He has done some work, but the site has been inactive for the last 12-18 months. P. Safin asked Jamie to photograph the site because it's been way too long. Discussion of putting a time frame in place. D. St. Martin made a motion to place a caveat on the land record. J. Folsom seconded. All in favor. (J. Rabbitt said there should be a note on the caveat that a NOV was sent, a permit was granted, but the work was not done.)
