IV. New Business

A. Acceptance of New Applications –

1. Maureen Nicholson, Nora Lane, application for a transfer station/bulky waste facility on Nora Lane. M. Nicholson spoke regarding the application. This is the initial presentation to the commission, and she would like to move on the application before it goes out to bid. It will be pretty isolated on the Murdock property (at the end of Nora Lane). We are still in need to contract out for hazardous household waste. The walls will be concrete blocks with an estimated cost of $300,000 to $400,000. We have received a STEEP grant, money from the timber harvest at the site, and will use some of the ARPA funds to pay for this facility. M. Nicholson said she is going to apply for another STEEP grant due to the cost going up. P. Mann made a motion to accept the application. J. Rivers seconded. Motion was approved. P. Allegretti made a motion to schedule a public hearing for this application for August 17, 2022, at 7pm. P. Mann seconded. All in favor.
