

INLAND WETLANDS & WATERCOURSES COMMISSION
REGULAR MEETING MINUTES
WEDNESDAY, NOVEMBER 6, 2013 @ 7:00 P.M.
POMFRET TOWN HALL CONFERENCE ROOM

- I. OPEN REGULAR MEETING:** John Folsom opened the meeting at 7:00 pm.
- II. ROLL CALL: Present** – John Folsom, Chairman; David St. Martin, Vice Chairman; James Rowley, Secretary; Marshall Eaton, Member; Nancy McMerriman, Member; and John Bergendahl, Alternate Staff: Ryan Brais, WEO; James Rabbitt, Designated Agent.
Absent: Paul Safin, Member; Joseph Stoddard, Member; and William Gould, Alternate;
- III. SEAT AN ALTERNATE AS NEEDED:** John Bergendahl was seated.
- IV. ITEMS TO BE ADDED TO AGENDA:** None
- V. PENDING APPLICATIONS:**
- A.** Ellsworth Chase, 21 Covell Road, for farm pond reclamation. Mr. Chase was present for the meeting. Jamie said he drove by the site. He had a letter dated 11/6/13 regarding his review of the application along with a draft motion containing 5 Conditions of Approval along with a copy of the DEEPs Dewatering Process. He said this project is similar to the one done on Cassidy Road. It is about a 4000 square foot disturbance but it is for sediment removal and not to increase the size. After discussion regarding the extremely dry season we've experienced and when the best time to undertake this project would be, D. St. Martin made a motion to approve the application with the following conditions: 1) pre-construction meeting be held with site contractor and Town Staff prior to any soil and/or vegetation disturbance on the site; 2) the applicant shall follow DEEP Bulletin 34 (Connecticut Guidelines for Soil Erosion and Sediment Control) Section 13 – Dewatering; 3) that all erosion control is installed prior to any soil and/or vegetation removal/disturbance on the site; 4) \$1,000 surety is posted for remediation and E&S with additional \$250 posted for cost of construction meetings and inspection fees; and 5) that all fees associated with the review of the application are paid in full and that any unpaid inspection fees may be taken from other and all surety posted with the Town. The motion was seconded by J. Bergendahl and approved unanimously.
- VI. CITIZEN'S COMMENTS:** None
- VII. NEW APPLICATIONS:**
- A.** Robert & Lois Hall, 90 Modock Road, provide additional ground level bedroom/bath and attached garage with ramp for ADA access to existing house; provide alternate access to existing barns and provide new well. Mr. & Mrs. Hall were present along with Dave Smith from KWP. D. Smith spoke regarding the application. He said all of the work is in the upland review area. There is a need to relocate the existing well but the septic does not need any changes. The present access to the barns needs a gravel drive to improve access. D. Smith said that this is a fairly straight-forward project. The clerk was told that we need to notify Putnam as the application is within 500' of their boundary. J. Bergendahl then asked about how they abandon a well. D. Smith said this is done by NDDH standards. Jamie said he would look over the material submitted with the application and contact D. Smith if he sees anything else that might be needed to complete the application.

VIII. NO-FEE APPLICATIONS - None

IX. NOTICES OF VIOLATION/CEASE AND DESIST ORDERS:

A. Roger Daigle, 193 Putnam Road, Cease and Desist. 10/4/07; Received new application 9/2/09. Application was approved with conditions 12/2/2009. Work to be done in July. Permit has been approved awaiting payment. Mr. Daigle submitted a new application on 8/3/11 and it was approved with conditions on 8/17/11. Mr. Daigle submitted a letter (1/4/12) wanting to extend the permit. A new letter was sent 1/4/12 informing Mr. Daigle that he needs to submit a new application with the \$160 fee by 3/6/12 so it can be accepted at our 3/7/12 meeting. He was also told that any additional bonds or surety are determined by the Commission the time of approval of the application. This letter was re-sent to Mr. Daigle on 2/9/12 via CRR to both his CT and FL addresses for verification of receipt. New application received 3/7/12. This application was approved with 8 conditions on 5/2/12. Staff spoke with D. Morrisette and he is supposed to start work in July. There were questions regarding the amount of the surety and whether it could be reduced. The commission discussed this issue and the consensus was there is a history with the applicant and they are not in favor of reducing the surety. J. Folsom told J. Rabbitt to let Mr. Daigle know that the surety is not being changed (6/6/12). Jamie called D. Morrisette who said that Mr. Daigle would contact Jamie the next day. That day has passed. He suggested sending a letter to refresh Mr. Daigle on the last day of the work to be done (9/5/12). D. St. Martin stated that at the last meeting, the chairman was to send a letter to Mr. Daigle, which was done and submitted at the meeting. Mr. Daigle was present and said that a lot of things have come up. He was ready to proceed with project until he saw a \$9,000 surety bond was needed. He said he doesn't want to pay the town to do the work. D. St. Martin explained to him that the surety bond sits and if the work is done in a timely manner, it would be returned at the end of the project. R. Daigle said he is having difficulty getting the money together for the surety bond due to financial obligations. He feels he did wrong but he also feels that Mr. Lane did wrong by placing stumps in the stream channel. He never felt that he abused his property and feels that the town is against him. He feels that if he has to fix this channel, then Mr. Lane needs to remove the obstruction he placed. He admitted that he was the one who called Senator Guglielmo's office and the Senator came out to see the property and he then received a letter from Sen. Guglielmo's office. He knows that there has been a caveat on his property for the past five years. D. St. Martin said he went with Jamie on the initial visit because of the initial complaint. Johanna Daigle then asked why the commission is waiting until Roger does the work before notifying Mr. Lane. D. St. Martin said he should maybe take a new look at what the property looks like now. Johanna said they have photos from five years ago and now and how the water runs. R. Brais then mentioned he had received an anonymous complaint that there was tree trimming in the area of Route 44 (Lane property), but Ryan found no wetlands activity. Johanna then said that she has photos of Larry Lane bulldozing trees down near the wetland. After further discussion, D. St. Martin said that the approved application runs out on 10/15/12 and that he applicant could apply for an extension. Mr. Daigle said he wants to finish the project. D. St. Martin said the commission wants him to finish the project, too. Mr. Daigle then said that he was afraid that once the work was done the commission will want him to remove the bridge abutments and they will keep the surety. D. St. Martin then discussed the permit and how the commission has gone above and beyond with this application. Mrs. Daigle then asked why the commission can't remove the \$9,000 surety. At this point, Mr. Daigle was advised to write and submit an extension letter during the meeting to be acted on later during the meeting. A new application has been tabled until the next meeting (12/5/12). This application was

approved 1/3/13 with 7 conditions. W. Gould asked for clarification regarding the Sen. Guglielmo issue mentioned during a meeting he didn't attend. There was discussion of Mr. Daigle contacting Sen. Guglielmo's office and that office contacting Joe Courtney's office. Jamie received a call from Joe Courtney's office and had to explain and give the facts on just how far back this issue went and how it occurred (1/3/13). Nothing new (3/6/13). Commission is going to have Ryan site walk the property (4/3/13). Mr. Daigle did not appear at the Town Hall with his surety and inspection fees. P. Safin believes that counsel should be updated on this issue and ask counsel if there is a time limit regarding this issue. D. St. Martin said he would talk to John regarding this issue (5/1/13). A question was asked to have Mr. Folsom contact Atty. Higgins regarding this matter (6/5/13). D. St. Martin made a motion to move this to commission business and it was seconded and approved. (7/10/13) The commission is awaiting word from Atty. Higgins regarding his decision to write a letter to Mr. Daigle. It was mentioned that if this property transfers to a relative at any time, the violation still exists (8/7/13). Atty. Higgins sent an e-mail saying the letter to Mr. Daigle should be ready soon (9/4/13). Attorney is still working on the letter (10/2/13). This was tabled until the end of the meeting. After coming out of executive session, a motion was made to take immediate legal action against Mr. Daigle (11/6/13). Leave on agenda.

- B. JASD, Orchard Hill Road**, work in regulated area. NOV issued 11/4/05. Nothing new. Ryan did mention that Jim Rose, owner of the property, spoke to him about looking to put a new building on the property but he has not heard back from him. J. Folsom wondered if he would be back to solve the NOV issued in 2005. Nothing new (11/6/13). Leave on agenda.
- C. Elaine Malchman, 321 Killingly Road**, fill piles placed along bank of brook. NOV issued 12/14/11. Maurice Godbout said that he would file an application the week of the 1/4/12 meeting. Mr. Godbout filed an application for the 2/1/12 meeting, but the application was incomplete and was withdrawn. New application was submitted 3/7/12. Application was approved 4/4/12 with conditions. Work is being done on the house and one of the piles has been reduced (7/11/12). The site is contained (8/1/12). Pile is getting smaller and Jamie will follow-up within the next two weeks (9/5/12). Majority of work is remodeling. Minor re-grading has been done. Jamie showed pictures of re-grading. There is no re-grading yet behind the house. They are slowly picking away at the piles on the stream bank (10/3/12). Work has subsided for winter (1/3/13). Nothing new (3/6/13). Some exterior renovation (5/1/13). Nothing new (7/10/13). Stable (11/6/13). Leave on agenda.
- D. Pomfret School, 398 Pomfret Street**, wetlands disturbance. NOV/Cease & Desist was issued 9/14/12 and sent to J. Timothy Richards, Pomfret School Headmaster; Ryan Brais, Pomfret ZEO; John Folsom, IWWC Chairman; James Rivers, First Selectman; and Tony Malagrino, Pomfret School Director of Facilities. NOV states that the property has initiated construction (grading and filling) activities and such work constitutes a regulated activity pursuant to the Town's Inland Wetland and Watercourses Regulations. A special meeting was scheduled and held on 9/17/12 for a special hearing on this NOV. Tony Malagrino, Director of Facility Services was present and spoke regarding the Notice of Violation. He said that the violation was not issued in error as a mistake was made on the school's part in the course of a big project. They allowed four contractors to use part of the site for temporary fill storage. The school's mistake was not intentional as they have great respect for this commission. J. Rabbitt then spoke. He said that this was an historic area used for maintenance and upkeep of the property. There was sedimentation of a wetlands area. There is now stabilization to prevent further issues. Perhaps at the October meeting, the school will submit a new application to work in a regulated area. They need to drain, remove sediment, and then restore to original condition. The jurisdictional ruling

the school previously applied for was only to stabilize the slope 1' vertical to 2' horizontal. They will then loam, geotextile, and seed. The school is making sure that there is staff on site throughout the day today (9/17/12) to watch site through the storm that is supposed to come in overnight/tomorrow. J. Rabbitt then showed the commission members a video he taken earlier in the day at the site and what has already been accomplished. The site has been substantially re-graded and the site is stable. He expects an application from Pomfret School in November/December. Pomfret School is aware that the commission is waiting for an application from them for remediation (10/3/12). The excess materials area has been graded, loamed, seeded and hayed. Jamie has a call in to KWP regarding the new application that is supposed to come in to the commission (12/5/12). Jamie said the site is stable in the maintenance debris area. He has a call in to Terry Chambers (1/3/13). Nothing new (2/6/13). Jamie is giving KWP a breather due to the unexpected passing of Terry Chambers. He will call them shortly to speak with someone about this issue (3/6/13). Will make spring rounds and check out what things have been done and the condition of multiple sites including the waste area (4/3/13). Jamie mentioned that the stream channel is still stable, along with the maintenance area. The utility trench needs additional attention. M. Eaton asked Jamie to look at a new issue at the school regarding a controlled burn that was done (5/1/13). Ongoing (6/5/13). Jamie said this is still ongoing but the trench should be a simple installation because they are aware of three trouble spots (7/10/13). Jamie said they will be coming in soon to seek a jurisdictional ruling (8/7/13). Jamie has a meeting with T. Malagrino next week regarding the submission of an application for an underground gas line down to the hockey rink (could ask for a jurisdictional ruling) (9/4/13). This was tabled until Jamie arrived. Jamie met with T. Malagrino. A jurisdictional ruling was submitted, signed off, and a surety deposited with the Town. At this point, three quarters of the work has been done. Jamie will site walk the area again this week. Jamie is going to prepare an outline of the Pomfret School items for next month's meeting (10/2/13). They have finished the installation of the gas line to the hockey rink (11/6/13). Leave on agenda.

X. JURISDICTIONAL RULINGS: None

XI. AGRICULTURAL ACTIVITIES: None.

XII. PRIOR APPLICATIONS WITH CONDITIONS:

A. Moon et. al., Peter, 596 Pomfret Street, single-family home 3/08. Application was approved with 10 conditions. New application was approved 7/7/10. Lot is advertised for sale with all approvals in place. No activity. Correspondence dated 5/31/12 requesting extension of permit. Extension was granted on 6/6/12 for three more years. Nothing new (8/1/12). This remains the same (12/5/12). No activity. Site is still for sale (1/3/13). Nothing new (3/6/13). Jamie checked last Thursday and there is no new activity (4/3/13). Nothing new (7/10/13). Ongoing (11/6/13). Leave on agenda.

B. Pomfret School, 398 Pomfret Street (10/6/10)

1. Turf Fields – need to follow-up on the utility line; this will be a part of the new permit (7/10/13). Jurisdictional ruling approved 9/17/13 for underground natural gas service line. Ongoing (10/2/13). See prior agenda item Section IX-D (11/6/13). Leave on agenda

C. Ridgewood Farms, LLC formerly CT Real Estate Holdings, LLC, 195 Searles Road, Cease and Desist in effect as of 3/16/05. Certificate of NOV placed on the land records on 5/19/06. (gravel extraction) Actual date of permit is 11/07. Deposit date of surety/bond monies is 8/15/10. Site is stable. Jamie met with Gino (owner) and discussed the existing

permit for gravel extraction and looked at alternatives to excavation knocking the 210 elevation to 166. Jamie said this is going to be more of a landscaping operation than a gravel extraction. D. St. Martin said he would need a revised site plan and application. Jamie said he is still tied to the restoration, but could possibly have an amendment to his current permit. P. Safin asked if Jamie knew what the end use of the parcel is going to be. Jamie said that in the near term, it is for fishing and hunting. It will all depend on possible future development (3/7/12). Staff spoke with Gino and they are going to sit down and discuss things. He is seeking bids on the value of gravel. He said he may let the permit lapse or possibly amend/re-apply (6/6/12). Nothing new as Gino has not made a decision (8/1/12). Jamie received an e-mail from Gino and will discuss it with the chairman (9/5/12). Gino asked Jamie to put together a package regarding his application (10/3/12). Jamie is still looking at the status of the permits (12/5/12). No activity. Jamie is trying to set up a meeting with Gino (1/3/13). Nothing new (2/6/13). Jamie has not been able to contact Gino (3/6/13). No new activity (4/3/13). Atty. Cotnoir has been hired by Gino to close this application out. Jamie spoke with the attorney and informed him of the issues with this application. Atty. Cotnoir is going to speak with his client and get back to Jamie (5/1/13). Ongoing (7/10/13). Nothing new (10/2/13). A letter was received from Atty. Cotnoir requesting the release of the bond for Ridgewood Farms. Jamie said the site is stable. This owner inherited the issues, he did not create them. They would like the release of the performance bond (cash bond) in connection with the noted permit number 2008-08. J. Bergendahl asked about remediation. D. St. Martin said there were conditions of approval. There was further discussion among the commission members regarding removing or not removing NOV, etc. Jamie will do a site visit, take photos and compile written correspondence on this issue. D. St. Martin made a motion to release the surety under the following conditions: 1) we allow Staff to review property and decide whether to keep all or part of surety in place; 2) Staff determines if further remediation is necessary; and 3) prior to the release of the surety, all fees due are paid or taken from the surety. The motion was seconded by J. Bergendahl and approved unanimously. (11/6/13) Leave on agenda.

- D. Janice Bosworth (5/4/11)** - relocation of an existing house trailer on the property and associated land disturbance. Ryan spoke with Bob Messier on 6/29/11 and 7/3/11. Application was submitted to the commission on 8/3/11. Extension granted on remediation application. New application submitted on 11/2/11. Original application was withdrawn. This new application for two single-family homes was approved 1/4/12 with 11 conditions. Jamie said he received revised plans from B. Messier with the COA on the plans. Jamie went to the test site and a couple of test pits were done. The junk trailer has been removed from the site. There are no issues with erosion. There is still a trailer on site. Vegetation is coming up and site is stable. This will be tracked through the fall. This remains the same (9/5/12). Site is stable. We are just waiting for the trailer to be removed (10/3/12). This is still an open item. It will be monitored through the spring (1/3/13). Nothing new (2/6/13). This will be tracked during the spring. Trailer is still there. Jamie is in contact with B. Messier (3/6/13). The trailer is still there and it was noted that about 6 spackle buckets are there (4/3/13). Nothing new (5/1/13). Ongoing (7/10/13). Trailer is still there (8/7/13). Nothing new (11/6/13). Leave on agenda.
- E. Hull Forest Products, 101 Hampton Road**, install 12' gravel drive and create round log storage area which will require filling of 4,035 square feet of wetland soils (**approved 3/2/11 with 24 conditions**). They have now undertaken their project for the log lay down area (10/3/12). They are still working on the site. Jamie is supposed to visit there next week (12/10-12/15) to check on their progress (12/5/12). Site is stable. Not aware of any work being done through the winter (1/3/13). Nothing new (2/6/13). Site is stable (3/6/13). Jamie will be doing a project walk within the next two weeks (4/3/13). They

have the E&S on the west side and are going to start on the detention basins (5/1/13). J. Rabbitt met with Hull to discuss catch basin installation and retention basin. Talked about moving power source from one side of the road to the other. There will be interference with basin otherwise (6/5/13). No new work going on (7/10/13). Jamie will be doing a fall site walk. Nothing new (10/2/13). Jamie had a discussion today with B. Hull. They need to remove additional material. Jamie is to meet with him in the next week (11/6/13). Leave on agenda.

- F. **Greg & Tracie Bristow, 806 Hampton Road, (9/7/11)** an application was submitted in reaction to a violation. Application was denied without prejudice on 11/2/11 due to lack of information from consulting engineer and under the condition that the applicant be notified the NOV will still be in effect, a caveat may be placed on the land records, and there is a potential for fines. An excavator is still stuck where the applicant tried to repair the dam and spillway, without consulting staff or the commission. Apparently some non-permitted work has been done at the site and Staff will be going to check it out (7/11/12). Jamie will check the site out, contact the owner and give the commission an update (8/1/12). Jamie said that he is waiting for a call back from Anchor Engineering. Depending on the discussion they have, there is a possibility that other regulatory agencies may become involved (9/5/12). Jamie has stopped at the home twice, but no one was home. He is still waiting to hear from Anchor Engineering. He will work with J. Folsom to write a letter to the applicants (10/3/12). Jamie stopped there three weeks ago and no one was home. The Chairman is going to write a letter to the applicants 12/5/12). After researching, the NOV was never issued. Chairman will report back to the commission next month regarding this issue (1/3/13). J. Folsom call the DEEP at dam safety and was told that there are two types of permits issued. Neither of these types of permit was applied for by the applicant. The DEEP took the applicant's address and someone will go out and take a look at the site. J. Folsom will e-mail a follow-up of this DEEP conversation. M. Eaton is concerned regarding the letter the commission received from Mr. Bristow where in the last line it states that no one is to go on his property without permission as target practice takes place there often. He thought that John should inform the DEEP not to send anyone out there without a police escort due to the target practice issue. The clerk will scan the letter from Mr. & Mrs. Bristow and e-mail it to John for him to forward to the DEEP (2/6/13). J. Folsom e-mailed dam safety and this dam is not on their registry of dams. DEEP will call and meet with J. Folsom on the property. At this point, Greg Bristow spoke regarding this issue. He said he never received a letter regarding the denial of his application. He did everything Jamie told him to do. He then complained about people going on his property without his permission to which J. Folsom responded that people could see the excavator from the road, they didn't go on the property. Mr. Bristow then said that the excavator is not stuck and the dam is fixed. He is upset that he never received any phone calls regarding the monthly meetings. J. Folsom then told him that DEEP would make a ruling regarding the dam. The commission asked the clerk to send a copy of the denial letter to the Bristow's. Mr. Bristow continued by saying that he never even thought that a permit was necessary and that Jamie had to come to look at the problem. He said that by the time the IWWC came into play, 95% of the work had already been done. He doesn't understand why the application was denied. J. Folsom then explained that the commission only has 65 days to make a decision on an application and the engineering firm never sent any information. Mr. Bristow then asked what if the application doesn't have money to hire an engineer. Jamie will speak with the Bristow's after the meeting (3/6/13). We are waiting for a response from dam safety (4/3/13). DEEP went out to look at the dam and their opinion is that this is not under their jurisdiction. Their recommendation was the downside and dam should be armored/re-vegetated. We will get the documentation from John that he received from the DEEP and show it to the applicant to inform them (5/1/13).

Waiting for DEEP correspondence (6/5/13). A copy of the e-mail received from the DEEP was shown to the commission members. Jamie mentioned the collapse of Beaver Dam in Colchester and the damage it did. He will try to have pictures for the next meeting. Back to this issue. There was discussion about how the local authority (IWWC) denied the permit but the work was done anyway. J. Folsom thought a letter should be written to the applicant to come in for an application with his thoughts of what he'd like to accomplish. The commission agreed that Mr. Bristow should be asked to come in and present to the commission, in the form of an application, what he wants to accomplish so he can avoid further violations. We will also ask Mr. Bristow to contact Jamie for guidance in this issue (7/10/13). A new application was submitted tonight. J. Stoddard made a motion to file a caveat on the land records due to the NOV on this property. J. Rowley seconded the motion and it was approved unanimously (8/7/13). New application was approved tonight, 9/4/13 and this item will be moved to Prior Applications with Conditions (9/4/13). The work was undertaken, inspected and preparation to sign-off. Sign-off cannot occur until all fees are paid in full with the Town. Wait until November to see if caveat can be lifted (10/2/13). Fees are still not paid as of this meeting date (11/6/13). Leave on agenda.

XIII. SUBDIVISIONS APPROVED BY PLANNING AND ZONING: None

XIV. COMPLAINTS/CONCERNS RECEIVED BY THE COMMISSION:

A. Ongoing

1. **Scott Lee, 585 Mashamoquet Road (9/1/10)** – the site is a mess (4/4/12). There are trees down and Scott has been talking to DEEP about putting in a couple of ponds. Site is healing nicely. Ryan will check site (8/1/12). Ryan said the site is healed up and the trench is completely vegetated although Mr. Lee is still working around the property (9/5/12). There is nothing new although Mr. Lee is looking to clear trees here and there. He still wants to put in some ponds (10/3/12). Nothing new (9/4/13). Jamie is scheduled to site walk the property soon. This could possibly be removed from the agenda. The commission would like to know the expiration date of his permit (10/2/13). No new wetlands issues (11/6/13). Leave on agenda.
2. **Windham 4-H Camp, Taft Pond Road (4/6/11)** (cease and desist was issued 3/16/11) application was approved with conditions on 8/3/11. Nothing new. Work should be done in late spring/early summer. Jamie returned a call to them but had to leave a message (5/2/12). (8/1/12) - They are supposed to call Jamie before starting work once the campers leave. Jamie said that they should be contacting us this month now that camping season is over (9/5/12). Nothing new (1/3/13). They will complete the remediation in spring or fall after the campers leave (2/6/13). This work will be undertaken when the new project takes place, possibly a fall project (4/3/13). This remediation work will be done in the fall when they complete their new application work (5/1/13). Site inspection requested but put off until construction starts (6/5/13). Nothing new (7/10/13). Waiting for camp to end. Jamie met with them two weeks ago and walked the site with them and found 6 areas needing water bars (8/7/13). Nothing new (9/4/13). Working on their funding process. Do not anticipate any work this fall. Letter should possibly be sent to them regarding where they stand with the remediation work (10/2/13). J. Folsom will write letter. Jamie said they are still dealing with fund raising (11/6/13). Leave on agenda.

XV. NEW COMPLAINTS: None.

- XVI. CITIZEN'S COMMENTS:** None.
- XVII. EXTENSIONS REQUESTED:** None.
- XVIII. COMMISSION BUSINESS:**
- A. Updates and Report from WEO and Commission Members. None.
 - B. Approval of the October 2, 2013 meeting minutes. J. Rowley made a motion to approve the minutes as submitted. M. Eaton seconded the motion and it was approved unanimously.
 - C. Report of billing and bond releases – Jamie said Bruce Dexter has installed 3 water bards and the work was completed appropriately. D. St. Martin made a motion to release all of the Dexter fees (minus due fees). M. Eaton seconded the motion and it was approved unanimously.
 - 1. **List of Bonds being held with Town of Pomfret (Escrow Agent) and Putnam Bank:**
 - Jason B. Lavallee (IWWC)
 - Rose Construction (IWWC)
 - Bruce Dexter II (IWWC) – look at status of their permit; need to check perimeter to see if it is stable; Jamie will check the site and report at next month's meeting
 - Pomfret School (IWWC and P&Z)
 - Town of Pomfret & James Rivers (inspection fees) (IWWC)
 - Ridgewood Farm LLC (P&Z)
 - 2. **List of Bond(s) being held with Liberty Mutual Insurance Company:**
 - Bruce & Kerry Dexter (IWWC)
 - D. Correspondence – distribution of CACIWC newsletter to members; brochure of CT soil scientists to be added to the library.
 - E. As needed –
 - 1. Draft/possible approval of 2014 meeting schedule. All members went over their schedules and it was decided that January 8th should be the meeting date in 2014. M. Eaton made a motion to approve the meeting schedule as amended. D. St. Martin seconded the motion and it was approved unanimously.
 - 2. Notice of election of officers at our December meeting. John just wanted to give everyone a heads up about the upcoming election.
 - F. Executive Session – regarding possible legal action A motion was made by M. Eaton to go into executive session regarding possible legal action. J. Bergendahl seconded the motion and it was approved unanimously. The commission went into executive session at 8:05 pm. The commission came out of executive session at 8:26 pm. They held a discussion regarding taking legal action against Roger Daigle. M. Eaton made a motion to take immediate action against Mr. Daigle. D. St. Martin seconded the motion and it was approved unanimously.
- XIX. ADJOURNMENT:** D. St. Martin made a motion to adjourn. M. Eaton seconded the motion and it was approved unanimously. The Chairman closed the meeting at 8:35 pm.

Respectfully submitted,

Lynn L. Krajewski, Clerk

Date approved _____
