

Dear Ad Hoc Committee members,

Thank you again for volunteering to serve on this Ad Hoc Committee to look at possible polling places in Pomfret for the upcoming August Presidential Primary and November elections.

The discussions were thorough, honest and informative. In the final analysis it was determined that the Pomfret Community School building best meets the requirements for the needs of the voters especially during this COVID 19 pandemic. The committee made clear the importance of maintaining cleaning standards to insure the health of our poll workers, electors, school staff and students. The designated areas for use are limited to the gymnasium and outer hallway. The bathrooms will not be open to the public but will be open to the poll workers.

The Office of the Secretary of State will be contracting with professional cleaning companies who are certified to clean for the COVID 19 virus.

---

We, as registrars, will keep the Pomfret Community School administration and the Board of Selectmen apprised of any new information that we get from the Secretary of State's Office concerning the upcoming primary and elections.

This recommendation will be forwarded to the Selectmen for their June 15 Board Meeting.

Sue Devokaitis

Martha Emilio
