- IV. DISCUSSION AND POSSIBLE ACTION ON NOTICE OF VIOLATION**
- A. Pomfret School, 398 Pomfret Street, wetlands disturbance**  
Tony Malagrino, Director of Facility Services was present and spoke regarding the Notice of Violation. He said that the violation was not issued in error as a mistake was made on the school's part in the course of a big project. They allowed four contractors to use part of the site for temporary fill storage. The school's mistake was not intentional as they have great respect for this commission. J. Rabbitt then spoke. He said that this was an historic area used for maintenance and upkeep of the property. There was sedimentation of a wetlands area. There is now stabilization to prevent further issues. Perhaps at the October meeting, the school will submit a new application to work in a regulated area. They need to drain, remove sediment, and then restore to original condition. The jurisdictional ruling the school previously applied for was only to stabilize the slope 1' vertical to 2' horizontal. They will then loam, geotextile, and seed. The school is making sure that there is staff on site throughout the day today to watch site through the storm that is supposed to come in overnight/tomorrow. J. Rabbitt then showed the commission members a video he taken earlier in the day at the site and what has already been accomplished. J. Folsom then asked if there were any more questions for Tony or Jamie. There was no response. Commission moved on to adjourn.
- V. ADJOURNMENT:** M. Eaton made a motion to adjourn. J. Stoddard seconded the motion and it was approved unanimously. The Chairman closed the meeting at 7:15 pm.
